EBOCO: Following review and approval, when required, the Equal Business Opportunity Commission Office certifies compliance with Title 39 as of date listed.

City Attorney: Following review and approval, when required, this ordinance has been reviewed by the City Attorney's Office as to its form and legality only.

Explanation**AN15-010**

BACKGROUND: This ordinance is being submitted, as required by the Ohio Revised Code (ORC), in order to set forth the municipal services and zoning conditions the city of Columbus will provide upon annexation of territory located in Madison Township. This site is one of three Columbus Regional Airport Authority (CRAA) properties at Rickenbacker for which annexation is being pursued as outlined in an agreement between the City of Columbus and CRAA.

Submission of an annexation petition to Franklin County for this site is pending. A service ordinance must be passed before the annexation meeting takes place before the Board of County Commissioners of Franklin County. Information regarding municipal services that would be available, should the subject site be annexed, has been compiled and is reflected in this ordinance. If the petition is approved by the County Commissioners, a second City ordinance accepting the annexation will be necessary to complete the process. The time frames specified in the ORC require that this legislation be filed as emergency.

FISCAL IMPACT: The statement of municipal services and zoning conditions for a proposed annexation area has no fiscal impact. While provision of the stated services does represent cost to the City, annexation of land also has the potential to create revenue to the City.

Title

To set forth a statement of municipal services and zoning conditions to be provided to the area contained in a proposed annexation (AN15-010) of 6.160± acres in Madison Township to the city of Columbus as required by the Ohio Revised Code; and to declare an emergency.

Body

WHEREAS, a petition for the annexation of certain territory in Madison Township will be filed on behalf of the Columbus Regional Airport Authority; and

WHEREAS, a hearing on said petition will subsequently be scheduled before the Board of County Commissioners of Franklin County; and

WHEREAS, the Ohio Revised Code requires that before said hearing the Municipal Legislative Authority shall adopt a statement indicating what services, if any, the municipal corporation will provide to the territory

proposed for annexation upon annexation; and

WHEREAS, the Ohio Revised Code requires that before said meeting the Municipal Legislative Authority adopt an ordinance stating zoning buffering conditions; and

WHEREAS, the property is located within an area covered by an annexation agreement between the City of Columbus and Columbus Regional Airport Authority; and

WHEREAS, upon annexation, properties will have uniform access to City services as they become available; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to present this ordinance to the Franklin County Board of Commissioners in accordance with the Ohio Revised Code all for the preservation of the public peace, property, health safety and welfare; **now, therefore**,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the city of Columbus will provide the following municipal services for 6.160 ± acres in Madison Township upon the annexation of said area to the city of Columbus:

Public Safety: The city of Columbus, Department of Public Safety will be able to provide the appropriate level of safety related services to the proposed annexation area. Such services will include police and fire protection as well as emergency medical service to the subject property.

While the petitioner for annexation may have proposed future development plans for the property in question, the Department of Public Safety requests that the City exercise its discretion in the coming development planning and review process to ensure any future development will be properly served by the Department of Public Safety. Discussions between the City and the present property owner or any future developers regarding post annexation changes in zoning or other changes to the property should include the Department of Public Safety and the Department of Development to ensure any proposed development of the annexation property may be adequately accommodated. Specific details for safety services are dependent upon the parameters of future development that is ultimately approved by the City.

Sanitation: Single family homes would qualify for city provided 90-gallon front curb or 300-gallon alley refuse service, the method of which to be determined by Division of Refuse Collection management. Any other development would require compliance with Title 13 requirements; Commercial/business uses are required to provide their own refuse collection.

Transportation: Maintenance will be available for any additional right-of-way that may be included in this annexation request. If this annexation contains existing signalized intersections, those intersections and signals are subject to Transportation Division Policy, which appeared in the December 6, 2003 Columbus City Bulletin, and any subsequent updates thereto.

Water: This site currently has access to a 6" water main. Any needed connections to be made be made at the owner's expense.

Sewers: All sanitary and storm sewers required shall be constructed privately by the owners and developers at

their own cost and expense with no cost to the City.

Sanitary: Records indicate that this site has access to an 18" sanitary sewer running east/west through a portion of the property and just north of the southernmost portion of John Circle Drive.

Storm: All storm sewers necessary for development/redevelopment of the area shall be designed in accordance with design policy and applicable codes in effect at the time of development.

SECTION 2. If this 6.160 ± acre site is annexed, and if the city of Columbus permits uses in the annexed territory that the city of Columbus determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining within Madison Township, the Columbus City Council will require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining within Madison Township. For the purpose of this section, "buffer" includes open space, landscaping, fences, walls, and other structured elements: streets and street right-of-way; and bicycle and pedestrian paths and sidewalks.

SECTION 3. That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.
