ABOUT THE PLAN

The Clinton West Neighborhood Plan will be a guide for what buildings will look like, where people will live and shop, and how people will get around.

WHY YOU'RE INVOLVED

This is a plan for your future: for you, your family, your neighbors and others throughout western Clinton Township. With your participation, the plan will clearly reflect what you want to see.

WHAT'S NEXT

After this meeting we'll finalize the community's vision according to the input you give us. We'll then develop draft policies to help you achieve that vision.

Your input on the policies is essential. Join us for the next meeting on Tuesday, January 17, 2012 at 6:30 p.m. to tell us what you think.
