URBANCREST
COMMUNITY PLAN

About the plan

The Urbancrest community Plan will be a guide for the future with respect to how land is used, what new development and redevelopment looks like, how people get around, and how the community builds pride and a sense of community.

Why you're involved

This is a plan for **your** future: for you, your family, your neighbors and others throughout Urbancrest. With your participation, the plan will clearly reflect what you want to see.

What's next

After this meeting we'll finalize the community's vision based on the input you give us. We'll then develop draft policies to help you achieve that vision.

Your input on the policies is essential. Join us for the next meeting in January 2020 to tell us what you think.
