

Working Committee Meeting #4

July 8, 2021

Introductions

- Terry Barr
- Matt Brown
- Michael Burris

Presentation Agenda

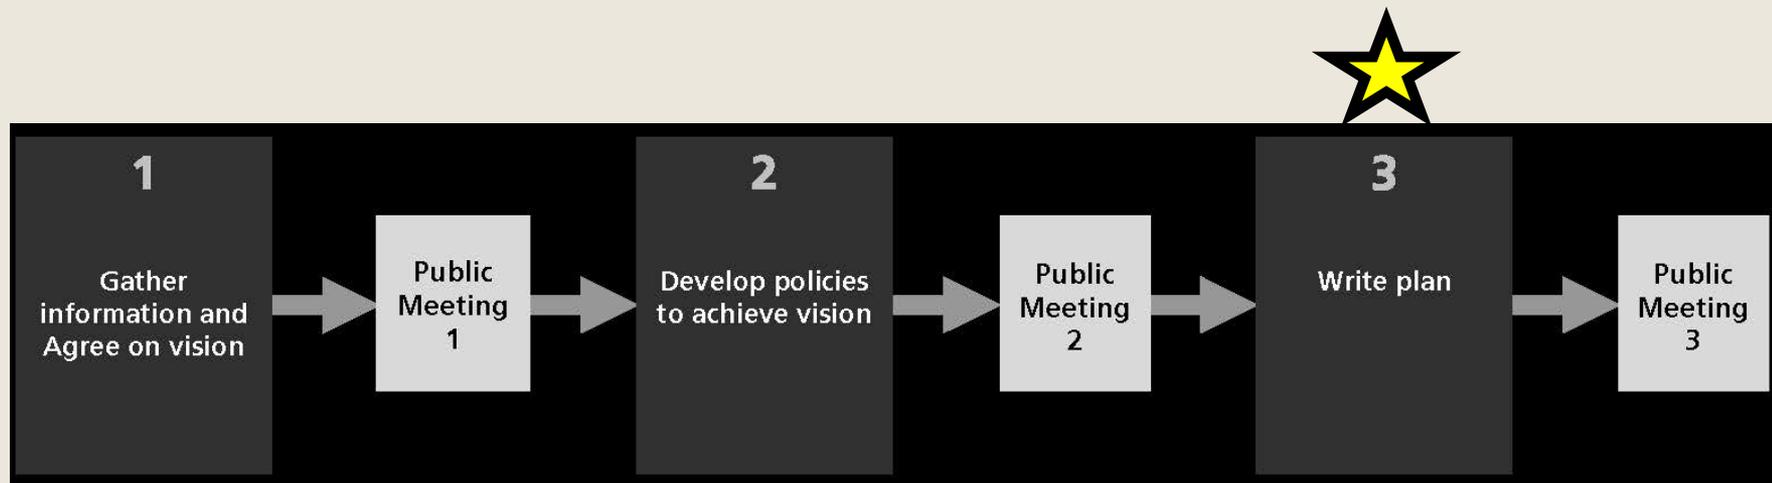

- General Plan Overview
 - Background
 - Recommendations
 - Implementation
- Feedback and discussion

How did we get here?

- 4 Working Committee Meetings
- 2 Public Meetings
- Multiple surveys

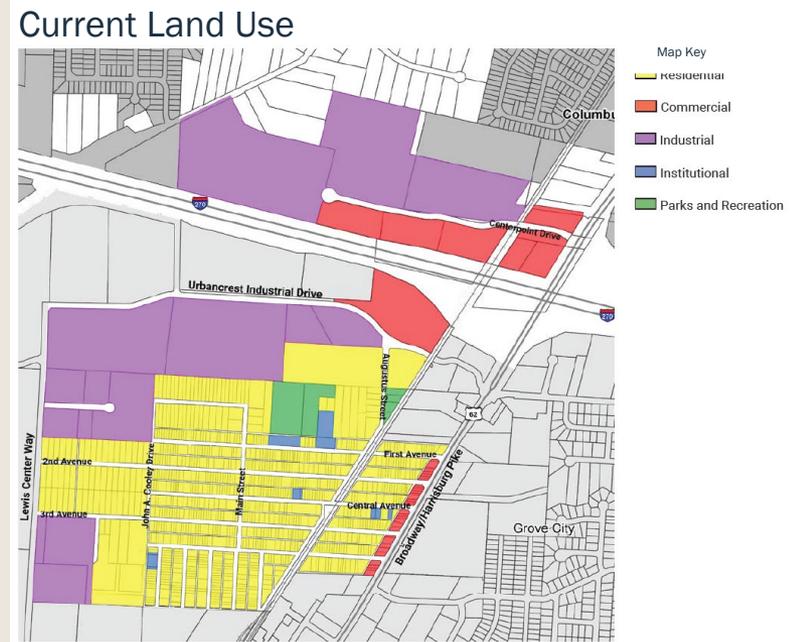

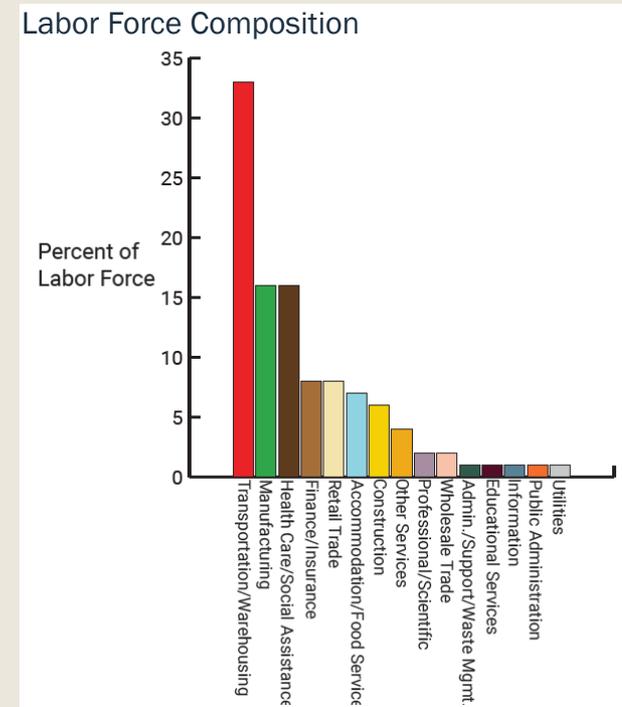

How did we get here?

The engagement process resulted in the draft plan. We wanted to check in before moving on to the final public meeting!

Plan Background

- Current conditions: data and interviews
- Informs the visioning process
- How does Urbancrest want to evolve in the next 10 years?

Plan Visions

Land Use

- *Support the small-town, country feel.*

Quality of Development

- *Complement existing land uses and support economic development.*

Sense of Community

- *Visual appeal informed by the Village's history and brings residents together.*

Housing

- *Variety of housing that promotes aging in place.*

Parks and Recreation

- *Sufficient parks and green space for all ages and abilities.*

Walking

- *Safe and well-maintained pedestrian network.*

Transit

- *Bus network with frequent, comfortable service with sufficient destinations.*

Roadways

- *Balance well-connected street networks with drivers abiding by speed limits.*

Policy Recommendations

- Main themes:
 - Strategic growth
 - Community building
 - Safe travel
- Goals are the outcomes needed to fulfill the vision
 - Actions are a set of initiatives that complete the goals
- Some suggestions made it into the plan while others did not based on feedback

Strategic Growth

Maintain and enhance small-town character.

Reuse vacant properties and encourage renovations.

Strategic Growth

High quality commercial and residential development.

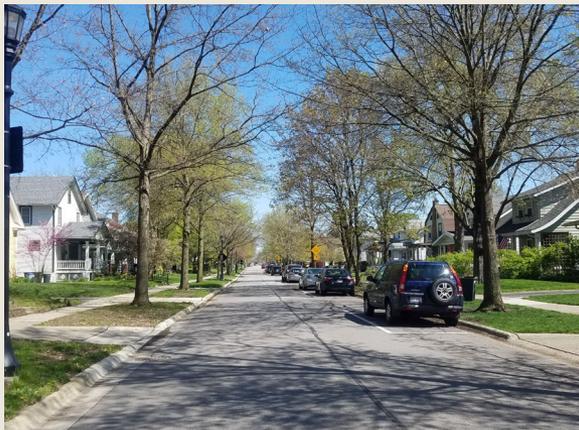

Development is compatible with existing the community.

Community Building

Create a strong sense of place.

Improve the Village's overall appearance.

Community Building

Support a sustainable, local food system.

Support new housing.

Community Building

More green and recreational space.

Safe Travel

Improve pedestrian safety.

Make transit more attractive and accessible.

Safe Travel

Improve roadway connectivity.

Fewer speeding motorists.

Implementation

- Outline of who is responsible for completing the action and/or organizations that can assist with its completion
- Includes the public's top priorities
 - Represents what the public feels would be the most impactful
 - Order constrained by funding, staff availability, and complexity

Funding Resources

- List of possible resources to fund action implementation
 - Not exhaustive, and subject to availability
 - Contact program staff for more detail
- Can be a helpful starting point for designing new policies and programs

Feedback, comments,
questions?

What's next?

- Public Open House, TBD
- Revise plan as needed based on public feedback
 - Need to reconvene Working Committee
TBD
- Goes to Urbancrest Village Council for adoption
